CITY OF JERSEY CITY CASH MANAGEMENT POLICY

Pursuant to N.J.S.A. 40A:5-14, the City of Jersey City's Cash Management Policy or Philosophy for selecting and evaluating investment instruments shall:

- 1) Consider preservation of capital, by ensuring that the principal invested is safe and secure.
- 2) Consider liquidity, by ensuring that the security can readily be converted to cash.
- 3) Consider current and historical investment returns, by comparing and examining such returns.
- 4) Consider diversification, by spreading investment principal among a number of investment instruments.
- 5) Consider maturity requirements, by timing the maturity of the investment to match the need for cash.
- 6) Consider costs and fees, by analyzing the expenses associated with buying, storing and redeeming investment instruments.
- 7) Be based on a cash flow analysis prepared by the Chief Financial Officer and be commensurate with the nature and size of the funds held by the City of Jersey City.
- 8) Be made on a competitive basis insofar as practicable.

Pursuant to N.J.S.A. 40A:5-15.1, the City of Jersey City may use moneys which may be in hand for the purchase of the following types of securities which, if suitable for registry, may be registered in the name of the City of Jersey City.

- 1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America (Treasury Bills, Notes and Bonds).
- 2) Government money market mutual funds.
- 3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an Act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor.
- 4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located.
- 5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase,

approved by the Division of Investment of the Department of the Treasury for investment by local units.

- 6) Local government investment pools.
- 7) Deposits with the State of New Jersey Cash Management Fund.
- 8) Agreements for the repurchase of fully collateralized securities, if:
 - a.) the underlying securities are permitted investments pursuant to N.J.S.A. 40A:5-15.1;
 - b.) the custody of collateral is transferred to a third party;
 - c.) the maturity of the agreement is not more than 30 days;
 - d.) the underlying securities are purchased through banks approved by the Department of Banking and Insurance under the Government Unit Depository Protection Act (GUDPA);
 - e.) a master repurchase agreement providing for the custody and security of collateral is executed.

Also pursuant to N.J.S.A. 40A:5-15.1, the City of Jersey City will also abide by the following investment guidelines:

- 1) Any investment instruments in which the security is not physically held by the local unit shall be covered by a third party custodial agreement which shall provide for the designation of such investments in the name of the local unit and prevent unauthorized use of such investments.
- 2) Purchase of investment securities shall be executed by the "delivery versus payment" method to ensure that securities are either received by the local unit or a third party custodian prior to or upon the release of the local unit's funds.
- 3) Any investments not purchased and redeemed directly from the issuer, government money market mutual fund, local government investment pool, or the State of New Jersey Cash Management Fund, shall be purchased and redeemed through the use of a national or State bank located within this State or through a broker-dealer which, at the time of purchase or redemption, has been registered continuously for a period of at least two years pursuant to section 9 of P.L.1967, c.93 (C.49:3-56) and has at least \$25 million in capital stock (or equivalent capitalization if not a corporation), surplus reserves for contingencies and undivided profits, or through a securities dealer who makes primary markets in U.S. Government securities and reports daily to the Federal Reserve Bank of New York its position in and borrowing on such U.S. Government securities.
- 4) When the City's Cash Management Plan permits investments for more than one (1) year, the investment must approximate the prospective use of the funds. This primarily relates to U.S. Securities and local bond issue purchase.

With the above Cash Management Policy in mind, the City's Cash Management Plan is indicated by the following designations of approved depositories and investment instruments.

As per the Cash Management Plan of the City of Jersey City, the City hereby designates the following entities as GUDPA approved depository banks:

- Banco Popular
- Bank of America
- Bank of New York, NJ National Community Division
- Capital One Bank
- Dean Witter Trustee/ State of New Jersey Cash Management Plan
- Hudson United Bank
- Independence Community Bank
- JP Morgan Chase
- MBIA Class/ Valley National Bank
- Penn Federal Savings Bank

NOTE:

All of the investment instruments permitted by N.J.S.A. 40A:5-15.1 can be purchased through the City's (GUDPA) banks with the possible exception of Government Money Market Funds, which would require broker/dealers. Since the process of selecting such services is a tedious one, when the City attempts to purchase such instruments, the pool of selected broker/dealers will be presented to the Municipal Council.

The approved investment instruments selected by the City of Jersey City are:

- 1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America (Treasury Bills, Notes and Bonds).
- 2) Government money market funds.
- 3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an Act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependable on any index or other external factor.

 - e) A master repurchase agreement providing for the custody and security of the collateral is executed.

The approved designation of any Government Money Market Funds are:

NOTE:

The purchase of Government Money Market Funds requires the use of broker/dealers. Since the process of selecting such services is a tedious one, when the City attempts to purchase such instruments, the pool selected instruments and broker/dealers will be presented to the Municipal Council.

The City's Cash Management Plan is further guided by the following principles of investment and risk:

- Although many factors will contribute to the City's policy for selecting and evaluating investment instruments, the City recognizes that the security of such interest comes first, followed by liquidity, and then yield.
- Funds shall be managed to meet the City's cash flow needs; namely asset maturity decisions will be guided by cash flow factors.
- Careful attention to investment fee structure must be paid: for example, the fees for getting in and out of investments will be considered. Additionally, when investing in government money market funds, load fees (fees up front) and no-load fees (fee is covered as part of the yield) must be distinguished.
- The City will acknowledge the notion that "past performance is not a guarantee of future results" when gauging the potential success of its investments. Namely, since government money market funds are required to be rated, the City will study such ratings. The City will assess the performance of such funds, paying strict attention to their historical expenses, and the experience of their managers.

- The City will use the New Jersey Cash Management Fund as a benchmark for comparing the performance of government money market funds and Local Government Investment Pools. Since the New Jersey Cash Management Fund has a wider variety of investments available to it than government money market funds and Local Government Investment Pools, it can be used as a reliable indicator of market performance.
- If solicited by financial advisors to assist the City in it's investment decisions, the City shall (a) be prudent in taking their advice; (b) consider what they are selling; (c) establish how they will profit from the investment; (d) ascertain exactly what their fees are; (e) be aware of "churning" (generation of excess fees by moving from investment to investment).
- The City will completely understand all financial products purchased, namely, how the product is priced, the effect or interest rate changes on the value of the product and the liquidity of the product.
- The City will consult with Corporation Counsel whenever there is a question regarding the legal status of an investment instrument.
- The City will purchase certificate of deposits or repurchase agreements from broker/dealers (including bank related ones) since they are not permitted depositories of funds.
- If necessary, the City will consult with GFOA publications on investment practices and with the Bureau of Securities when it comes to ensuring that investment advisors, or broker/dealers and agents of broker/dealers are registered.

General Cash Management Principles that the City's Cash Management Plan shall adhere to are:

- All moneys turned over to the Treasurer shall be deposited within forty-eight (48) hours in accordance with N.J.S.A. 40A:5-15.
- The Treasurer, with the approval of the Chief Financial Officer, shall minimize the possibility of idle cash accumulating in accounts by assuring that all amounts in excess of negotiated compensating balances (if applicable) are kept in interest bearing accounts or promptly swept into the investment portfolio.
- Cash may be withdrawn from investment pools under the discretion of the Chief Financial Officer to fund operations, and/or meet cash flow needs.
- The method of calculating banking fees and compensating balances (if applicable) shall be documented to the Governing Body at least annually.
